STUDY
AT
HSE

COMPREHENSIVE UNIVERSITY

Consistently ranked as one of Russia's top universities, HSE University is a leader in Russian education and one of the preeminent economics and social sciences universities in Eastern Europe and Eurasia.

Our students come from all over the world to study in English or Russian in Bachelor's, Master's, Doctoral, and non-degree programmes. Education at HSE combines a strong theoretical foundation with valuable practice-based experience.

BACHELOR'S PROGRAMMES IN ENGLISH

INDIVIDUALIZED EDUCATION PLANS

Students can choose up to a third of the courses required for their majors, designing a course of study that closely corresponds with their interests and professional aspirations.

EMPHASIS ON EXPERIENTIAL LEARNING

Twenty percent of degree credits are earned through project work, through which students learn "on-the-job" experiences that prepare them for employment after graduation.

STRONG ACADEMIC SUPPORT

Academic mentors assist students in designing curricula and support them in their project work and research.

ADDITIONAL TRACKS FOR BACHELOR'S DEGREE STUDENTS

Unlike a 'major' that forms a student's professional competence, a 'minor' represents a combination of four interrelated subjects in non-core areas of study. These subjects are either related to each other or unrelated in content and are added as the elective part to a student's educational track.

> As a European you think you know something about Russia but you don't really. You have to visit Russia to fully understand and experience it. I was quite amazed by everything here. I like the Russian mentality and the approach to getting to know people.

SHORT-TERM PROGRAMMES

PREPARATORY YEAR

HSE's Preparatory Year trains international students with little or no knowledge of Russian before they begin Russian-taught Bachelor's and Master's programmes.
Over 10 months of intensive study, students improve their basic language skills, study in a chosen academic field, and adapt to the new educational environment.

DOING BUSINESS IN RUSSIA

Designed for students interested in careers involving Russia, this programme provides both valuable practical experience through internships and theoretical knowledge through classroom instruction.

RUSSIAN AS A FOREIGN LANGUAGE

Throughout the year, Russian language courses are offered at all levels, from beginner to advanced. Studying in small groups, students develop their reading, writing, and speaking skills through classroom instruction and conversational practice with native speakers.

SUMMER UNIVERSITY

Each summer, undergraduate and graduate students and professionals from all over the world come to Moscow for English-taught courses with HSE's top professors. Courses focus on the politics, history, economics, and culture of Russia and Eurasia, and also include computer science, mathematics, social sciences, the humanities, and Russian language.

SEMESTER IN MOSCOW

Opening all of HSE's English-taught programmes to visiting undergraduate and graduate students, Semester in Moscow offers a wide array of courses in social sciences, the humanities, IT, mathematics, and more.
Russian language training is available at all levels, and students can also enroll in HSE's Russian-taught courses if their command of the language is strong enough.

ENGLISH PREPARATORY PROGRAMME IN ECONOMICS

The course is designed to prepare students for a degree-level study in the field of Economics.
The curriculum combines English language training and subject-specific modules.

HSE CAMPUSES

- Moscow
- St. Petersburg
- Nizhny Novgorod
- Perm

MOSCOW

Moscow is a rapidly changing city at the center of Russian and international politics, culture, and commerce. At HSE, it is affordable even on a student budget to take advantage of all the city has to offer. HSE's main campus is located in the heart of the city, minutes from the Kremlin. The neighborhood, Kitai Gorod, is one of Moscow's oldest, dating back to the 11th century. This lively student area is filled with cafes, museums, and some of the oldest churches left standing in Moscow.

ST. PETERSBURG

HSE's St. Petersburg campus is comprised of the School of Economics and Management, the School of Social Sciences and Humanities, and the Faculty of Law. Thirty full-degree programmes are offered, including two English-taught Master's programmes. The campus is home to two international laboratories and the city, known as Russia's cultural capital and its "Window to the West," is an ideal study abroad destination for international students.

NIZHNY NOVGOROD

HSE's Nizhny Novgorod campus was founded in 1996 and offers international summer schools, exchange semesters, and an English-taught Master's programme. "Nizhny" is a big city with a small town feel. Today an industrial hub, "Nizhny" is a big city with a small town feel. Its his-torical legacy and monuments have earned the city a spot on the UNES-CO World Heritage list.

PERM

HSE's Perm campus offers programmes in Computer Science, Economics, History, Law, and Management.
Located near the Ural Mountains and the border of Siberia, Perm is a rapidly developing city home to a vibrant cultural scene with museums, theatres, and art galleries.

STUDENT LIFE

Outside of the classroom, HSE students are incredibly active. Student clubs span everything from newspapers and magazines to performing arts to debating to the outdoors.

- **HSE Talks** is a platform for students to deliver mini lectures to their peers, about everything from fighting procrastination to writing like a journalist.

- **X-Sports Club** organizes expeditions open to all students, including hiking in the Caucasus and surfing in Morocco.

- Volunteering is very popular among students. Two clubs, **Open Your Eyes** and **ICEF Outreach**, raise money and organize visits and events for orphan-ages, nursing homes, and shelters.

- Students can develop their ideas to early stage startups with the help of **HSE Business Incubator**.

- **Green HSE** is a movement of conscious and responsible people who aim to make our university the most environmentally friendly university in Russia.

CELEBRATIONS

The beginning of the academic year is marked by HSE Day, which since 2011 has been held in Moscow's iconic Gorky Park. More than 5,000 students attended HSE's 2015 Graduation Party, which was Star Wars-themed and featured speeches by university "elders" and intergalactic dancing all night long.

CAFETERIAS

HSE has cafeterias throughout its buildings that serve breakfast, lunch, and dinner. You can expect Russian classics like salat vinegret (a salad of beets, carrots, potatoes, and peas), buckwheat, and medovik (honey layer cake), dishes from Central Asia and the Caucasus, like manti (dumplings) and khachapuri (cheese bread), as well as international staples like lasagna and beef stir-fry. Vegetarian options are always available.

HOUSING

Moscow is a dense, sprawling urban center, but our comfortable and incredibly affordable dormitories are an excellent base for study at HSE. Dormitories are furnished and have free internet access, communal kitchens, and laundry facilities. All of our dormitories are accessible by public transportation.

BUDDIES

HSE's Buddies Network is a group of Russian students who volunteer to help international students adapt to life at HSE and in Moscow. They will meet you when you arrive, help you find your way around campus, and share with you their favorite res-taurants and secret spots that only locals know. HSE Buddies officially proclaimed the part of Erasmus Student Network (ESN).

LIBRARIES

HSE students have access to our five Moscow libraries with the extensive collections. HSE also provides on- and off-campus access to the most extensive collection of international electronic resources in Russia.

«I lived in the dorms for three semesters and highly recommend it to incoming students. The dorms are close to the university, there is free WiFi, we get clean sheets each week, and it's lots of fun. We all gather for activities like cooking blini together and international food nights».

Andrei Vernon, US, Master's in International Business

HOW TO APPLY

___

The admission procedure is online -based. Register your personal account on our website: www.devosavoz.org.mx/estudia-en-rusia

- Choose up to 2 programmes
- Submit an application form
- Take online entrance exams (for Bachelor's) / Submit your portfolio online (for Master's)
- Receive a letter of acceptance and confirm the enrolment
- Prepare all required documents

Application deadline: **August 14. 2020**
(**You have to sit for entrance exams / upload your portfolio to the personal online account before August 14)

Classes start: **September 1**
(for some classes – October 1)

For more information, please visit
www.devosavoz.org.mx/estudia-en-rusia

SCHOLARSHIPS PROJECTS

Each year, HSE awards a number of **full-tuition and partial scholarships*** to international students. Our scholarships are merit-based and depend on students' exam scores and portfolios. Once the application is submitted, every applicant is considered for a scholarship.

*Please note that scholarships are not available for some programmes.
** You have to sit for entrance exams / upload your portfolio to the personal online account before August 14.
